1000s of Products

# Why Choose Us?

Glending Signs are one of the UK's largest sign makers, leading the Construction Signage Industry using the latest large format printers and technology to produce high-quality printed signs for many of the UK's biggest housebuilders. With over 40 years in the industry, Glending Signs has built a reputation for service and reliability, helping our valued customers meet their strict deadlines time and time again.

## Your Local Sign Maker, Nationwide

Glending Signs are proud to offer value for money with a personalised local sign maker service and continue to lead the industry in what we do, maintaining our core values by putting our customers' needs first and providing a first-class service for many more years to come. We offer a range of Construction Signs and Commercial Signs, as well as a custom sign builder to completely customise your signage.

## Our Commitment

As part of our commitment to sustainability and promote diversity as a widely inclusive employer, Glending Signs are proud to be recognised as a gold member of the Supply Chain Sustainability School.

We are also a Disability Confident Committed business, making employment opportunities accessible to everyone, and have trained many of our staff to support mental health in the workplace and beyond with on-site MHFA England courses.

# Making the Change

## Sustainable

### Signage Materials

We have replaced many of our sign materials with PVC free alternatives without compromising on quality, recycling all sign material wastage where possible.

## 82%

energy reduction in printing using LED lamps

Our EFI Vutek LED printer has reduced energy consumption up to 82% vs UV printers with conventional mercury lamps widely used within the industry.

## 99%

of all single use plastic packaging removed

We have undergone a programme to remove 99% of single use plastic packaging materials from our daily operation, removing over 8 tonnes of plastic waste, and replacing it with recycled packaging card.

## Multi-drop

### Carrier Network

We employ a third-party carrier to deliver our signage across the nation, reducing the amount of single delivery address routes. The majority of delivery vehicles are less than 3.5t and meet Euro 6 standards for Diesel.

# Complete Customisation

## Free Sign Branding

Make your signs stand out from the crowd

## Free Artwork Proofs

# What They Say

”

We at Vistry (formerly Bovis) are extremely proud of the long-standing relationship we've forged with Glendining over many years. A relationship that has only strengthened in recent years in particular with the obstacles and volatility within the construction sector. With the changes within our own business this past 3 years as well, Glendining have continued to prove a staunch and reliable partner to the Vistry business as we continue to navigate the unpredictable market we find ourselves in. The service they provide our business and quality of product is very much aligned with our own very high standards set.

**Group Procurement Manager, Vistry Group**

”

As Group Health and Safety Manager at Persimmon Homes, I have looked to Glendining Signs to not only supply our core range of Safety Signage Items, but to also assist me with any new initiatives that require supporting signs being displayed. Glendining's have responded swiftly in the design of any new requirements, making the signs available through our catalogue, as well as delivering onto our projects within a matter of days. As a national house builder I would personally recommend partnering with Glendining Signs!
